Sales & Marketing Support

Creative, graphic and printing services for the creation of a custom branded "Connected Home" brochure targeted to potential buyers of your new homes.

Design Center Displays, Expertise & Training

Displaying smart home automation as a personalized feature in the design center will help to fully incorporate technology into the organic home buying process.

We strive to help homebuilders establish enticing standards and compelling lifestyle options by showcasing smart home personalization packages in design centers.

Community Management

- Oversee your portfolio of homes from a single login
- Manage multiple properties with one dashboard
- Security alerts for theft prevention
- Control access with unique user codes for staff and contractors
- Energy conservation with lighting schedules and thermostat lockout
- Automated arming schedules

Self Guided Tours

Buying a home is a big deal. showing a home doesn't have to be.

Allow home buyers to tour inventory or model homes when it's convenient for them.

A fully featured model home includes:

2GIG EDGE Security Panel & Home Automation Hub

Smart Thermostat

Intrusion, Life Safety & Notification Sensors

Audio & Entertainment

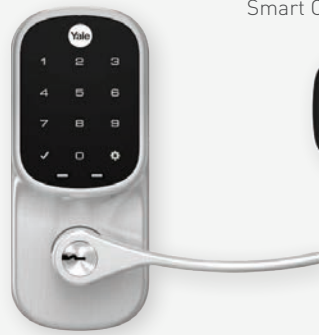

Smart Cameras

Smart Light Switches

Video Doorbell

Smart Door Lock
